Known for strong analytical and logical thinking skills to effectively solve and debug programming and real-life challenges. Adept at leveraging excellent communication skills to ensure seamless interaction and alignment with client requirements. Eager to apply technical expertise and collaborative abilities in a Software Developer role to drive innovation and deliver high-quality solutions.

## EDUCATION

### Periyar university

Govt. Arts. College-Dharmapuri  
B.Sc(computer science)  
2021 – 2024

### HSC - 79%

Govt. Hr. Sec. School - thoppur  
2019 – 2021

### SSLC - 69%

Govt. High. School - T. Ganigarahalli  
2019

## SKILLS

- Core java
- HTML
- CSS
- JavaScript
- SQL
- Git & Github

## SOFT SKILLS

- Communication
- logical thinking
- Teamwork
- Problem-solving
- Time management
- Adaptability
- Critical thinking

## CERTIFICATIONS

- Web development virtual internship at prodigy Infotech
- Digital Marketing using Instagram Ads & Canva at Infinity Loop Solutions

## EXPERIENCE

### Portfolio Website

- Designed and developed a responsive portfolio website using HTML, CSS, and JavaScript.
- Implemented a custom navbar for easy navigation.
- Ensured compatibility across devices using responsive design.
- Integrated JavaScript for interactive elements.
- Showcased personal projects and skills effectively.
- Ensured the website adjusts automatically to different screen sizes and devices.

### Web Development Intern

#### Prodigy Infotech - Virtual Internship

- Responsive Navbar: Designed and implemented a responsive navigation bar for various screen sizes to enhance user experience.
- Landing Page: Created an engaging landing page with a focus on effective layout, typography, and user interface design.
- Personal Portfolio: Developed a personal portfolio website to showcase projects and skills, highlighting professional web development capabilities.
- Weather Checking Application: Built a weather checking application using an external weather API to provide real-time weather updates for any location.
- Tic Tac Toe Game: Developed an interactive Tic Tac Toe game, demonstrating proficiency in JavaScript and understanding of game logic.
- Utilized Git and GitHub for version control, ensuring codebase integrity and facilitating collaboration.
